VBT planners OK conditional rezoning for EV battery plant

By Rosemary K. Oztman
Independent Editor

At a two-hour meeting on Oct. 26, the Van Buren Township Planning Commission held a public hearing and then approved a conditional rezoning for Ashley Capital's Building #6 on Ecorse Road.

This makes way for the highly publicized lithium ion phosphate battery manufacturing business in the 660,000-square-foot building that is already in place, but had zoning for a warehouse.

The conditional rezoning from M-T – Industrial Transportation to M-2 – General Industrial with conditions now goes to the township board of trustees for the final decision.

The Ashley Crossroads North Building 6

site is located at 42060 Ecorse Rd. and is located on a 46.15-acre parcel. This is west of Haggerty Road and north of Ecorse. All access is from Ecorse Road.

The Our Next Energy business, based in Novi, is expected to bring 2,112 new jobs to Van Buren Township. It will begin production in 2024 and increase capacity and expand into other buildings Ashley Capital has, according to ONE founder and CEO Mujeeb Ijaz.

He told the planning commission there are more than 110 docks on the building and they will just use 16, which will be a reduction in truck traffic from the warehouse use it would have had under the present zoning.

Tony Drum of CEO said when fully

operational they will run 24/7 and have four, 12-hour shifts, about 500 per shift.

Planning and Economic Development Director Dan Power said the widening of Haggerty Road, mainly paid by Wayne County with some funds from Van Buren Township is a big part of this project. Also, the new water and sewer lines that the township will put in along that part of Haggerty is also important to this project.

The conditions that are a part of the rezoning include that there must be a 10-year lease with the battery developer and the business must begin operations within six months.

The new Building 5 on the site is occupied by FedEx.

In other business at the Oct. 26 meeting,

the commission:

- Approved amending the Planned Residential Development agreement for Country Walk Phase III to allow one new, revised model at 42482 Cumberland Dr., noting the Homeowners Association 3 must approve the colors and materials. The developer said he would like to get started soon so it can be capped off before the weather turns bad; and

- Discussed, again, amendments to the zoning ordinances concerning side- and rear-entry garages in residential developments and the setback required between homes in Planned Residential Developments. The commission decided to have staff set up a public hearing for input from the public on proposed changes.

LDFA holds special meeting to finalize sale of property to DTE Gas

By Rosemary K. Oztman
Independent Editor

Van Buren Township Deputy Supervisor Dan Selman explained to the Local Development Finance Authority that the reason for this special meeting on Oct. 26 was that DTE Gas wanted an official resolution approving the sale of its property.

So, the LDFA unanimously passed a resolution to sell parcel 83-045-99-0004-702, owned by the LDFA, to DTE gas for the fair market value of \$115,000, noting all other costs associated with the closing of the property is to be assumed by DTE Gas.

Deputy Selman reminded the LDFA that it had approved this sale at the first meeting

of the year in January and DTE has asked for a formal resolution, which it now will have and the closing can take place.

In other business at the 18-minute meeting, the LDFA:

- Approved the 2023 LDFA meeting schedule as: Jan. 10, March 14, May 9, July 11, Sept. 12, and Nov. 14. The LDFA meets on the second Tuesday of every other month at 2 p.m. at the Van Buren Township Hall;

- Approved the 2023 budget that shows at the end of the 2023 fiscal year the LDFA will owe Van Buren Township more than \$8 million for loans the township made to the LDFA for payments on the bonds made to help construct Visteon Village (now under new ownership and renamed Grace

Lake). The township board will approve all the 2023 budgets, including this one, at its next meeting; and

- Briefly discussed a Nov. 1 Marketing / Community Outreach subcommittee meeting with a representative of the group marketing Grace Lake to discover how the LDFA can help them. The LDFA seeks to increase the income to Grace Lake so it will pay more taxes to the LDFA to help it pay off its Visteon bonds. Suggested new development for Grace Lake included condos or warehousing. Planning and Economic Development Director Dan Power said Grace Lake is zoned Office Technology and doesn't allow warehousing, but the master plan could be changed. LDFA member Doug Peters

said he expects that Van Buren Township will win the lawsuit it has brought against Visteon, but it could be a long time before it's over. LDFA member Dave Schreiber said if they are looking at choosing a market with the highest value for the community, it would be warehousing space because of the home-delivery type of retail now popular. He said office space is not needed and, "Lawyers are having trouble getting their employees to come back to the offices"; and

- Heard Township Supervisor Kevin McNamara say the township has construction of the community center coming up and, "We'd like to stop giving money to the bond."

DIA advises what you can bring inside on the Van Gogh exhibit trip on November 19

Barbara Miller, chairperson of the Belleville Area Council for the Arts' Nov. 19 bus trip to the Detroit Institute of Arts to view the Van Gogh exhibit, wants those who are taking part in the trip to know there are some restrictions about what people can take inside the DIA.

Miller said the bus trip now is sold out with all 50 seats taken. The bus will leave the Van Buren Township Hall parking lot at 11 a.m. on Saturday, Nov. 19.

Rebecca Tubbs, supervisor of the Group Services Department, said the DIA has the Belleville group scheduled for a noon entry to Van Gogh and she will meet and greet group members outside.

Tubbs asked Miller to make sure the guests are informed of the following important museum policies:

No backpacks, backpack-style child carriers, briefcases, laptop bags, outside

tote bags, luggage, bags, or purses larger than 11"x10"x3" are allowed in the museum. Families with small children and those with medically necessary items will be provided with a clear plastic bag that may be used to transport medically necessary items into the museum. For the protection of the art, nothing may be carried on the back, or over or atop the shoulders, in the museum. We do not have space to store prohibited bags. Coats are not allowed in the Van Gogh exhibition.

To prepare for the exhibit, a movie on the story of the life and the work of Van Gogh, "Lust for Life," will be shown at the Belleville Area District Library at 6:30 p.m., Thursday, Nov. 17. The movie is compliments of the library and there is no charge.

For more information, call Miller at (734) 516-0025.

Supt. Kudlack: Newspaper charges never happened

Over the past few weeks, *The Detroit Free Press*' story of a student claiming BHS head football coach Jermain Crowell used "undue influence" to try to get him to join the Belleville team has been discussed throughout the media.

Crowell is the head coach of the BHS football team that won the state championship last year and is headed that way this year. He's been producing winning BHS teams for the eight years he's been there.

The alleged accusations of a Detroit Martin Luther King football player, now a senior, said Crowell gave him rides to workouts in Belleville between his eighth grade and freshmen year.

The Michigan High School Athletic Association is reportedly investigating the allegations that Crowell recruited players from other teams to enroll at BHS, a schools of choice district.

School Supt. Kudlack said on Monday that the district has investigated and asked questions of the coach, the school, the kid, and the kid's dad who all say it never happened. The coach said the dad brought the student or a youth coach drove him to Belleville that summer.

He said they gave that information to the MHSAA and the MHSAA wanted another signed statement from the kid, so they got it. "Never happened," Kudlak said. He said the coach was suspended for last week's game because of the accusation. He said a lot of people don't like Coach Crowell and, "It's a witch hunt."

EXTRA THINGS I KNOW

...By Rosemary K. Otzman

We received a call on Monday about a bright pink line in the sky last Thursday or Friday about 6 p.m. in Van Buren Township. The caller said it was straight across and ended in the area of Walmart. She said people at Westlake apartments stood outside and looked at it for a long time since it was so unusual.

She said the people talked about chemicals being sprayed. It went away and then there was fog so dense you could hardly see the next morning, she said.

We also have received email pictures from two sources of long, white clouds in the sky that are being called "chem trails" by the senders.

An article also was sent, titled: "New geoengineering study asserts Earth's biosphere is collapsing due to jet-sprayed coal fly ash."

At the end of the article they conclude: "All geoengineering must cease. All sources of aerosolized coal fly ash must be reduced and eliminated. Tropospheric jet-spraying of coal fly ash and any other particulate matter must cease and desist. That is necessary to salvage what we can of Earth's vital life support systems, including the stratospheric ozone layer."

Just strange clouds in the sky or something really serious?

We received an email from a reader who said she did something last Friday that she said she'd never do again: Read her *Independent*. She said it made her furious.

She wrote and wrote about the things that upset her and elections and politicians and voting and then, at the very end, said, "There, now I can sleep tonight!"

She said it wasn't a letter, but we could share some of it if we wanted to.

Sometimes people come into our offices just to vent, as well, on local happenings.

At the Van Buren school board meeting where the new financial director was introduced, there was no information on her salary and her background was quickly listed.

Debbie McWilliams sent me Pryia Nayak's resume so we could use it in the story and our new HR Director John Leroy was supposed to send me her salary. Well, it didn't come before deadline for the story, and actually he never sent it to us.

We contacted Debbie on Monday and told her we still didn't have the salary. Bless her heart, she got it for us.

Our new finance director has a starting salary of \$125,000. She replaces Sara Cortese who was paid \$108,500 until Aug. 8 when she got a raise to \$125,000. She resigned after her big raise to take a job in the Dearborn schools.

We saw an entry for a kidnapping and another entry for a robbery on this week's Van Buren Township police dispatch log. Lt. Charles Bazy said someone saw what they thought was a woman being forced into a white Yukon. He said their Flock camera identified the vehicle that went into Washtenaw County. The sheriff's deputies checked it out and it was nothing.

The alleged robbery was actually retail fraud of merchandise on Sumpter Road.

We heard a call on the scanner to an accidental shooting at General RV on the North I-94 Service Drive at 1:30 p.m. Friday. A person attempted to clear his Glock 41 and accidentally pulled the trigger, shooting himself in the leg. He was arraigned for negligent discharge of a weapon.

We've been informed that there will be a full moon on Election Day, Nov. 8. It's called a "Blood Moon." It's also a "Beaver Moon."

There also is to be a lunar eclipse that night in parts of North America. It can be seen from here, but it's not directly over us. It is directly over California.

A full moon on Election Day? Sounds scary.

It is estimated that a couple of thousand people turned out for Monday's Halloween event on Main Street in Belleville. They came early and stayed late. After trick or treat ended at 7 p.m., the crowds descended on the food trucks on Fourth Street.

It's time to build a roundabout at 5 Points

To the editor:

It's time, people of Belleville and Van Buren Township, for 5 Points to be a roundabout intersection. Yes, I know it's been looked at and determined there was insufficient real estate. But that's only if, wait for it, no one will like this, we don't enact eminent domain. There I said it. I'm not a fan of that practice either. But I'm also not a fan of sitting at that intersection with traffic backed up waiting and waiting and waiting for a light to change. It's time for a roundabout.

Some might argue a train at Sumpter Road will cause the flow of traffic in a roundabout to come to a stop. But how's that different from today when traffic backs up to Fourth Street even when there is no train? Obtain the land you need to make a roundabout at 5 Points generous in size. Buses and trucks will need to navigate it frequently. Make it too small and it will just be a different kind of mess from the mess it is today.

To the editor:

I would like to extend a big thank you to Keystone Academy for donating 200 bags of candy and treats for our annual Candy Loop last week. I am so sorry that I neglected to recognize Keystone for their generous donation in last week's paper!

The children all loved the goodie bags and we appreciate your continuing support to our department and events!

Thank you again,

Thank you to gentleman who helped my husband

To the Editor:

A thank you to the gentleman who stopped to help my husband who had taken a nasty spill on his bike in the city of Belleville. Also, to the lady who offered her comforting support.

Thanks to neighbors Eric and Michele for getting us home safely.

Fly your flags to honor veterans on Nov. 11

To the editor and Belleville residents:

A REMINDER! Friday, Nov. 11, 2022 is Veterans' Day. It is an official United States federal holiday that is observed annually on Nov. 11, honoring people who have served in the U.S. Armed Forces, also known as veterans. Originally called "Armistice Day," congress amended the bill on June 1, 1954, replacing "Armistice" with "Veterans" and it has been known as Veterans' Day since.

U.S. President Woodrow Wilson first proclaimed Armistice Day for Nov. 11, 1919.

Many Americans mistakenly believe that Veterans' Day is the day America sets aside to honor American military personnel who died in battle, or as a result of wounds sustained from combat. That's not quite true.

Memorial Day is the day set aside to honor America's war dead.

Veterans' Day, on the other hand, honors ALL American veterans, both living and dead. In fact, Veterans' Day is largely intended to thank LIVING veterans for dedicated and loyal service to their country.

Many companies offer free meals to veterans. Google "veterans day free meals" for info on free or discounted meals for all veterans with proper I.D.

Nov. 11 of each year is the day that we ensure ALL veterans know that we deeply appreciate the sacrifices they have made in their lives to keep our country free.

Show your respect and pride for our veterans who live on your street by displaying a flag in front of your home. Thanks to a generous donation from Manns Lumber, and labor from Contract Welding, I will have a supply of FREE, refurbished flags in front of my home (48 S. Biggs). Take one and join all my neighbors with a display any American city would be proud of. (Drop off any torn, faded flags for proper disposal in the box on the porch.)

As an added note, you can further honor our veterans by attending the following event.

A special, short VFW ceremony will be held at 11 a.m., 11/11/22 at the Veterans' Memorial in Horizon Park, Belleville. All are invited and bring the whole family.

VBT, Ypsilanti Twp. fire departments extinguish Martz Road home fire

A Martz Road homeowner got up to use the bathroom at about 11:30 p.m. Thursday, Oct. 27, and smelled smoke.

Van Buren Township Fire Chief Dave McNally said it was good the homeowner got up because a small fire had started in the back of the house by the deck.

Chief McNally said Ypsilanti Township served as backup and the two departments put out the fire quickly.

He said the fire was of undetermined origin, possibly from smoking, but considered accidental.

Belleville fire fighters visit Edgemont Elem.

To the editor:

On Oct. 25 and 26 Belleville Fire Fighters Triston Hugo, Garret Kissel, and Marcus Vaughn visited Edgemont Elementary to educate the kids on fire safety. Along with practicing STOP DROP AND ROLL the kids were able to see real fire gear, hold some tools used in the fire service and sit in the two fire trucks they brought with them.

Belleville Fire would like to thank all

the staff at Edgemont Elementary for allowing them to spend some time with their students and are looking forward to many more events.

Seniors: There is wide-spread mis-information

To the Senior Citizen voters of our Tri-Communities of the city of Belleville and the townships of Van Buren and Sumpter:

I am a Senior Citizen who has voted by Absentee Ballot.

Note: If you also are voting by Absentee Ballot, I recommend that you personally deliver your ballot -- personally witnessing delivery!

We Seniors are vulnerable to the widespread MIS-information and lies we hear and read daily. There are two critical issues on which we MUST VOTE "NO". These critical issues are:

#1. ABORTION -- NO exceptions! ABORTION IS MURDER*

#2. MARIJUANA - NO Growing, NO Sales -- Marijuana is plainly an "open door" drug that is now (proven) to be infused with the deadly, habit-forming drug known as Fentanyl. IT IS DEADLY!

Seniors: As a great-grandparent, I urge you -- my Senior neighbors -- to PRAYERFULLY consider the importance and reality of your Vote on these two vital issues. Vote "NO" for now and future generations!

* Murder: "The killing of another person without justification or cause." (The American Heritage Dictionary, Fifth Edition)

Remembering Sasha

By Lori Estermyer
Belleville

Sasha was born Feb. 9, 2009, in Illinois. He was a handsome European Shepherd with black, tan, and sable fur. Sasha weighed 75 pounds as an adult. Sasha was blessed to find his forever home in July 2012 with Belleville reserve police officer Cris Colling.

For the next 11 years, Sasha and Officer Colling traveled through the journey of life. They were constant companions, partners, and best friends. The partners spent most days working or training. They accumulated some 800 hours.

Sasha was a Staff Sergeant for the Michigan Defense Force branch of the Michigan Army National Guard. He was trained for explosive detection and very diverse types of search and rescue.

In 2016, Sasha and officer Colling were under the direction of Police Chief Hal Berriman supporting the Belleville community. They were frequently seen at football games, parades, robotic competitions, and scouting activities. Sasha and Officer Colling were invited several times to Ann Arbor Public Schools and Home School groups in Washtenaw County. This Dynamic Duo educated K-6th grade regarding pet safety. Officer Colling shared the book "Officer Buckle and Gloria" which always brought a laugh to the students.

The Dynamic Duo also appeared in their military uniform. Staff Sergeant Sasha and her partner left students in awe when they demonstrated search and rescue techniques in relation to scent and explosive detection.

In 2020, Officer Colling decided it was time for her K-9 partner Sasha to retire. However, although now a senior citizen he still enjoyed life. Sasha still loved being outside in all kinds of weather, boat rides, being around people, snacking on favorite treats and Charley Bears, his beloved toy.

On Oct. 11, at 13.5 years, Sasha's journey ended. Officer Colling had to say good-bye to her partner, best friend, and constant companion.

I asked if in time she would consider and

be able to bless another dog with a *forever* home? Officer Colling replied, maybe, but not anytime soon. Any pet owner that is fortunate to share that special human-animal bond truly understands the loss. A piece of your heart will forever be broken and sad. If we choose to adopt again, we can never replace our beloved friend. But to bless another pet can help in the healing and help make new memories.

To Officer Colling, we offer our prayers, respect and condolences at the loss of Sasha. To Sasha, we thank you for sharing your life. Remembering Sasha.

ORPHAN OF THE WEEK POLLO

**ARE YOU LOOKING FOR AN
EXTRAORDINARILY INTELLIGENT
BOY TO JOIN YOUR FAMILY?**

I may be the one! My name is Pollo but everyone at FMAR calls me Po. When I first arrived at FMAR as a stray, I was so skinny that you could see my ribs. No one came to take me home and I'm still waiting for someone to come and meet me to see how wonderful I am!

I have dreams of becoming an agility dog because I am such a quick learner! I love spending time in the training room and running through my obstacle course. I am full of excitement and energy, and I'm quick to learn. Sometimes I'm a little nervous meeting new people, but I LOVE treats; give me a couple and I'm your best friend!

I know that I need to continue working on basic training, so I need an experienced owner who will challenge my brain and body every day. Since I was so neglected before I came to FMAR, I can be possessive of my food or toys. The volunteers know that I can be distracted by tossing a tiny treat. I also like my meals given in a Kong Wobbler to make my mind and body work. If you have children, I hope they are older. I have a whole lot of energy, and may be a bit too much for some families. However, a lot of energy also means a lot of LOVE!

If you would like to meet me, please submit an application for me on our website <https://www.friendsofmichigan.org/adoptable-dogs>. I am neutered, up to date on all age appropriate vaccines, heartworm negative, microchipped, and on monthly flea, tick, and heartworm prevention. My adoption fee is \$250, which covers all of the medical care I have received.

Musings about the area

To the editor:

Why in the world would you ask if you can "do anything" on the Denton Road bridge? Do you not value your life, or is it just to be convenient for you? If they blew it up, would you want a ferry from one side to the other?

The parking spots on Main St from the bridge need to be ELIMINATED, no matter what. There are many places to park in the plaza in Davenport, MI. Do you like the name all over the place? There will be room because the body spa place is already out of business. How about be realistic in building new buildings everywhere instead of finding a way to recycle all the empty ones around here?

One more point about blocking off the

Denton Road bridge: Make it two lanes all the way to High Street marking the pavement for right turn only, instead of using half the bridge and road rage goes on.

One more extra point: Make the blockage look at least nice you spend water and money watering natural weeds and all the plants. You know we only have so much water. Just make it look nice.

I had written this the previous week and it didn't go through, so I had more time to think about the next subjects...local politics in VB and Sumpter Township and the lovely Van Buren Police Department not accepting guns I took to them, and last but not least, the woman-impressionable man who works animal control.

We have got to get control of ourselves, people.

Change starts with an idea.

Think for once about your fellow man.

Donald Keith
Sumpter Township

Editor's Note: The writer explained the "woman-impressionable man who works animal control" comment refers to the animal control officer believing a woman in her complaint. The writer said his friend was walking his dogs in VBT and a woman came up and asked if she could pet the dogs and the friend said no because they were not friendly. She petted them anyway and one bit her. It ended up the writer had to pay \$450 for three licenses that he had earlier been told by a vet were not necessary.

Oakwoods Nature Center at the Metropark of the same name is holding its annual Owl Festival this Saturday, Nov. 5, from 6 to 9 p.m. featuring a mix of activities to introduce owls that thrive in the Metropark and call Michigan home. The evening will include owl pellet dissection, games, crafts, owl presentations, along with several owl prowls, where groups will take to the nature trails in hopes to call in some owls that live in the area. The cost is \$6 per person with children 2 and under free. Pre-registration is required and can be made online at the Metropark's website or reserving by phone at (734) 782-3956. As of this writing, there's a lot of spots available. I've been to this event many times over the years and it's really fun, especially the guided walks and call-ins. It's where I heard my first Eastern Screech Owl in the wild and this is how I call them in my own neck of the woods in Sumpter Township. If you can't attend, the nature center is offering owl prowl strolls every Saturday evening through Dec. 17. You can register for these dates at their website, too. Vote for Sheena Barnes for Sumpter Treasurer

To the editor:

This starts out all the way back to April when Sheena Barnes made a decision to run for Treasurer of Sumpter Township. Sheena was running on her own merits. She's very passionate about her extended family the residents of Sumpter. Sheena had no intentions on running a dirty campaign. She knew very little about Bart Patterson at the time.

Sheena hadn't opened her business the last two years because of the pandemic. Sheena was excited to see her customers again. Sheena posted on Facebook that she was open.

Supervisor Tim Bowman sent the ordinance officer to pay Sheena a visit. Then he sent Wayne County's Health Department to her business. In attempts to shut down her business Mr. Bowman failed to do so.

Sheena then made a post about her uncle who had passed away so her business would be closed for the weekend. What Mr. Bowman didn't know is Sheena was hosting her uncle's Going Home dinner for about 100 people. I'm sure you probably guessed, yes, Mr. Bowman sent the health department to Sheena Barnes because Tim Bowman saw the concession stand open with all the cars. Then, sent the ordinance officer to notify Sheena that because the primary was over she had to pull up all of her signs until the November election.

Next, Sheena puts daily Bible prayers on her Facebook page every day. It was a Sunday morning prayer Sheena posted as she always does. When she realized Mr. Bowman had a comment on her post when she opened it, she couldn't believe what he wrote. Sheena was furious because of his behavior. Many friends and family asked Sheena who made the comment and why. Sheena had enough. She sent Tim Bowman an audio message on messenger privately between her and Mr. Bowman.

This is where Supervisor Bowman becomes the boy that cried wolf. Because

he contacted the *Eagle* newspaper to let them know that he filed a police report on Sheena Barnes for threatening him. Tim Bowman wasted taxpayers' money sending the detectives out to investigate. If anyone should've been charged it should've been Mr. Bowman for filing a false police report.

The end result of the investigation was Mr. Bowman had provoked Sheena Barnes, when she showed the two detectives her evidence of everything Mr. Bowman had done to her.

The case was closed!

Sumpter's boy that cried wolf.

He did not succeed with all his efforts to hurt Sheena Barnes' reputation. We the residents have had enough of Mr. Bowman, along with the rest of the board.

Mr. Bowman wasn't quite done with Sheena Barnes. His ego got the best of him.

So, it was Mr. Bowman that went out and purchased the signs that you see where it says Warning Sheena Barnes. Mr. Bowman wants everyone to think Sheena purchased new signs. You never gave a thought to someone telling the residents all the facts of both sides of the story that he was hoping wouldn't come out. Spoil alert Mr. Bowman I will always tell the residents the other side of what truly happened. I felt it was only right to let everyone know the type of person they have in office.

Mr. Bowman is very arrogant, unfriendly, argumentative, hostile and his interactions with others out of control -- not fit for office.

Last, but not least, Trustee Tim Rush, Vincent Warren, and Bart Patterson had a meeting together and hatched a plan that went like this:

This past Tuesday [Oct. 25] Mr. Warren put on the agenda item J to consider approval to assign the water billing clerk to the DPW Director effective Oct. 26, 2022, which was the following day after the board meeting. Why?

Her name is Anna Winter. In 2018 she got hired and she started in the clerk's office. After the death of the water clerk, I was Treasurer at the time, so I had to find someone that we could train for the job. That's when Anna Winter stepped in as the new water billing clerk. She was a blessing to have in the office. She was a fast learner. Ms. Winter has worked under

four different treasurers. She has been a godsend to each of us. Hard-working, she stepped up to the plate when people were off on vacations, sick days, personal days. She has handled everything that had to be done in the office, including taking the money in, getting ready for the drop at the end of the day. Anything you could possibly think of Anna can help out with and does without hesitation and she's an asset to the new treasurer coming in.

They are working to sabotage Sheena Barnes if she gets Treasurer knowing that Anna can help with the training of a new deputy treasurer coming into office. They're really not sabotaging Sheena Barnes. They're sabotaging the residents of Sumpter Township. Then the board's going to scratch their heads and wonder why there is a recall that's already started. We don't need another Yes Man in Office.

God knows and sees all. The plan failed because there was no action taken on that agenda item.

Please Vote Sheena Barnes for Treasurer of Sumpter Township.

She will succeed and she will get respect.

Peggy Morgan
Sumpter Township

Win or lose, the SWDC must move to action

To the editor:

Western Wayne County Democrats, I have drafted this letter to the SWDC requesting swift reprimand regarding this member.

Good morning, Debbie,

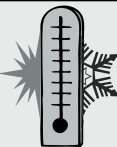

This correspondence is intended to be forwarded to the officers of the Southwestern Wayne Democratic Club for review.

I recently had the opportunity to review a voice message that was deposited on an elected official's voicemail. This voicemail unfortunately was deposited by the Democratic Candidate for Treasurer in Sumpter Township. Section 2:11 of the Michigan Democratic bylaws details endorsement and censure regarding members of this party. This candidate has represented the Democratic party with inhumane, distasteful, racial, and threatening verbal expression.

The Southwestern Wayne Democratic Club has endorsed this candidate for public office. It is my hope that the SWDC for this local area responds swiftly to separate from this type of behavior. As a member of the Democratic party, it is my hope that the officers will look past obvious personal relationships and act swiftly to voice this unacceptable behavior and administer appropriate response.

Vincent Warren

District Library counts 600 people attending Harvest Fest on Oct. 8

By Rosemary K. Otzman
Independent Editor

Belleville Area District Library Director Mary Jo Suchy said 600 people were at the library for Harvest Fest on Oct. 8.

At the regular meeting of the district library board, Suchy said the tractor parade brought extra people to the city and, "I was filled with joy all day."

Marketing committee chairwoman Alma Hughes Grubbs said the event was a huge success.

Board chairwoman Sharon Peters said the events were outside last year but the apples brought bees and wasps and angst to those taking part.

"Inside the building was really fun. Harvest Fest was a wonderful thing," Peters said.

"I'm saddened the museum didn't take part this year," said board member John Juriga.

Peters agreed and said the Van Buren Township supervisor said it was for the three communities to agree on the museum. There was one meeting with Van Buren, Belleville, and Sumpter, but nothing since and no news about when it will reopen.

"I keep bringing it up," Peters said. "A lot of us at the library are anxious for it to move forward."

She said the Harvest Fest was a signature event and, "Hopefully we'll have a cultural partner in the future."

Juriga reminded the board that it was Joy Cichewicz's idea to have a Harvest Fest originally and Cichewicz agreed it was her idea, noting her family used to have harvest activities and games at home. She suggested it for the library, the museum joined in, and it grew over the years.

Cichewicz said she really, really appreciated how the library staff worked together putting on the activities for the children this year. Cichewicz said this was the first time she just had to do the shopping for materials and the staff did the activities.

Board member Linda Priest said the staff didn't just talk with people, but got them involved.

There was some discussion about how to bring the petting zoo back, since there is little grassy area at the new library.

Suchy said the staff wants to sit down with the Harvest Fest committee because there are new ideas.

"We'll look at everything with fresh eyes next year," Suchy said.

Also at this year's Harvest Fest outside in Fourth Street Place, the Belleville Central Business Community put on a Harvest Farmers' Market and the Historical Society

held a Nickle Dig and gave lessons on use of a corn sheller and a scrubbing board for washing clothes. Coldwell Bankers Professionals hosted a FMAR pet adoption event.

In other business at the 58-minute meeting, the board:

- Heard Suchy report on the three-hour meeting she attended two weeks earlier on the library's new humidification controls / HVAC. Present were the library's architect, O'Neal Construction, the architectural engineer, and Long Mechanical, MEC. She said the controls should be able to move seamlessly between heating, cooling, and humidification. Once the outside temperature dips below 30 degrees, the humidification system will turn on. The humidification level is set to 35%. The library will notify O'Neal Construction once the humidification system turns on for the season. The group also discussed preferred settings for pulling outside air into the building as well as proposed adjustments to the radiant heating in the storytime room;

- Heard Suchy list other "last little details" on the building, including the quiet study room lights. She said she requested an extension to the length of time the lights remain lit. She said people are studying

and not moving and the lights go out;

- Was advised that the Roys Street sidewalk have forms set but the concrete still must be poured. Juriga said it still has to be determined if the mystery pipe was a drain from the baptismal font at Grace Baptist Church;

- Noted a policy committee meeting will be held within the next few weeks to consider updating of policies as the library attorney recommends;

- Learned the library has agreed to host a student art show for the Van Buren Public Schools in January. It also will display winning pieces from the recent Community Art Show in November and December;

- Heard Juriga ask if they are going to cut down the vegetation in the bioswale. Cichewicz said no, that isn't done. It is bee and bird friendly, she said. She said, however, she does go into her bioswale at home to pull out the weeds that get in there;

- Reviewed the charts put together on use of the Sumpter Media Center over the past three years. In general, it shows a steady increase in use of the branch. Juriga asked if the media center is cost-effective since it has to have two, full-time staff members. Suchy said the library is committed to this for ten years under the agreement. She said it's a fantastic place to do classes. She said they plan to extend their tech tutoring classes there, to teach how to use a new iPhone, and other things. Peters said she would be in touch with Sumpter Township official to promote the media center;

- Was advised by Suchy that the replacement millage that was approved by voters in August was not subject to a Headlee rollback. However, since the board approved the slightly lower amount (0.6831 mills) in September, that is the amount that will be on the December tax bill. The difference between the two rates amounts to about \$5,700;

- Was reminded the Friends of the Library Used Book Sale will be Nov. 12-14 and the next meeting of the district library board is on Election Day, Nov. 8. Also, the library will be open from 1 to 5 p.m. on Sundays beginning Oct. 16 and on Oct. 17 will open at 9:30 a.m., Mondays through Saturdays; and

- Welcomed Dan Fleming to the meeting. He was seated in the audience, but in the future he will be seated as a board member. He is among the four candidates running for four library board seats in the Nov. 8 election, so all are due to be elected. Fleming will replace Mary Jane Dawson, who is not running for reelection.
